

MINI DUCK & POTATO

Small kibble size with duck & potato

Never change a winning team? As our Duck & Potato Duck & Potato Duck & Potato has been so well received, we now have Josera Mini Duck & Potato - the mini version of our customer favourite. This dry food also contains valuable duck protein and a grain-free recipe. The kibbles are also extra small making them even better for our small, adult dogs.

The tasty dog food for small dogs with potatoes and duck ensures a beautiful coat and healthy skin thanks to biotin and valuable fatty acids. With its moderate energy content, it is perfect for dogs with normal activity levels.

- Our customer favourite with a grain-free recipe - now for minis
- With valuable duck protein
- With biotin and valuable fatty acids for a beautiful coat and a healthy skin
- DLG-certified "Excellent": origin, ingredients, and production – This seal guarantees controlled production, the analytically flawless quality of the end product, and high sensory acceptance. The manufacturing process has been certified in accordance with DLG's own quality standard, on-site in our production facility.
- 100 % recyclable packaging

Grain free formula

This recipe contains no grain and is suitable for the daily grain-free nutrition of healthy and sensitive dogs.

Skin & coat

A shiny coat and healthy skin are signs that your dog is receiving the ideal food. This is assured by the presence of fatty acids, vitamins and organically bound copper and zinc.

Moderate energy content

This recipe has a medium fat content and is particularly suitable for dogs with a normal activity level

Feeding recommendation:

weight	inactive/ older	normal activity	active
2 kg	20 g	30 g	30 g
4 kg	40 g	55 g	65 g
6 kg	60 g	85 g	95 g
8 kg	70 g	90 g	110 g
10 kg	85 g	115 g	140 g

The recommended feed quantities stated are per animal, per day. Please note that the quantities stated are guidelines and should be adapted to the feeding requirements and activity level of your pet. Please make sure your pet has fresh water at all times. The amount of food should be reduced, for example if snacks are also provided.
