

# MINI SALMON & CHICKEN

## With a delicious gravy for picky dogs

Even our little four-legged friends love a tasty bowl of food - and with our Josera Mini Salmon & Chicken, they can now enjoy something really tasty in their bowl! The food for small adult dogs is the mini version of our popular Festival dry food - and as such is also gluten-free.

The extra small kibble size adds a lot of flavour: The sauce powder transforms the dry menu into a flavourful experience to slurp away. The delicious recipe with salmon is just the thing for fussy dogs who love variety.

- For small, adult dogs: crunchy, small kibble size
- Can be fed dry and wet using the sauce powder
- Add some extra flavour with the delicious sauce powder
- Valuable fatty acids also promote a healthy appearance and a beautiful coat

### Tasty sauce

The crunchy kibbles are coated with a delicious gravy powder, which makes this food a unique treat for picky dogs, either moistened or dry.

### Skin & coat

A shiny coat and healthy skin are signs that your dog is receiving the ideal food. This is assured by the presence of fatty acids, vitamins and organically bound copper and zinc.

### Small kibble size
